

Introducing

# FundNavigator

**Fund Navigator** provides you with the expert guidance and program insights needed to navigate the Infrastructure Investment and Jobs Act (IIJA) and Inflation Reduction Act (IRA), as well as the federal commitments of the Justice40 Initiative.

With an unprecedented number of federal funding opportunities, IIJA and IRA are helping states, cities and communities advance projects that were placed on hold, tackle long-standing infrastructure problems and expand capital plans.

**Fund Navigator** combines artificial intelligence, data analytics and stakeholder engagement with our leading ESG and federal grants advisory services to help you maximize your capital planning and deliver world-class projects.

## Key Features

Continually updated information and guidance related to the more than 500 IIJA and IRA funding programs

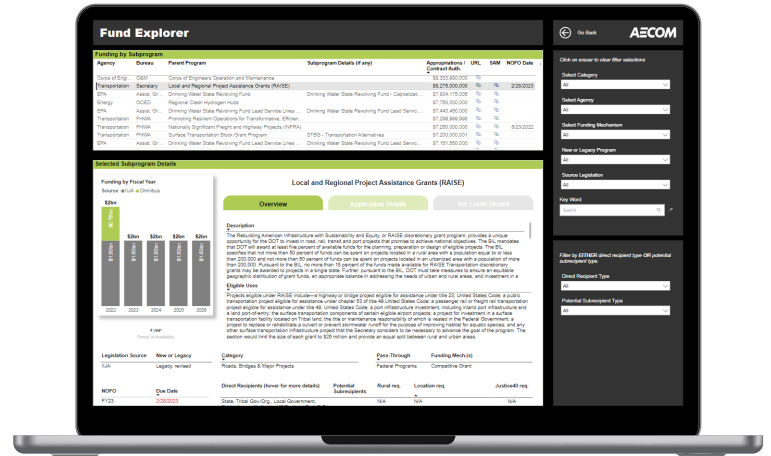

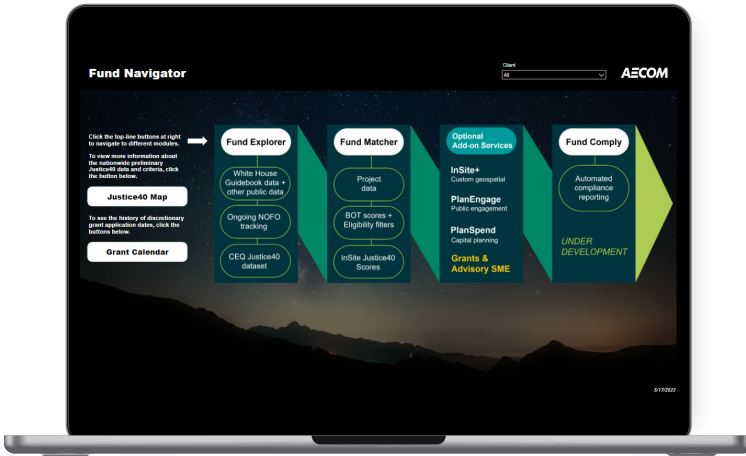

Breakdown of appropriated funding by fiscal year for programs authorized in IIJA and IRA as well as funding appropriated in subsequent omnibus spending bills

Calendar of discretionary grant application timelines, to help you stay on top of this year's opportunities and position for future fiscal years by tracking release date patterns over time

Preliminary Justice40 scoring to quantify the size and proportion of disadvantaged communities in your projects' impact areas

**Our digital solution connects data, projects and communities to show you how IIJA and IRA funding programs align with your project locations.**

Our technical experts will help you fully understand and assess these opportunities in the context of your specific programs, so you can maximize grants and loan programs.

### With Fund Navigator, you will:

**Discover what you may not already know** as the collaborative process points you to new opportunities and considerations for program development, grant opportunities and formula funds

**Assess and analyze** how these new opportunities align with your existing capital programs and projects

**Find the available dollars** by leveraging the different formula and grant programs using easy-to-understand parameters to see how they apply to your projects

**Prepare for the next generation of infrastructure opportunity** by structuring programs to draw on both new and expanded funding sources and even stacking programs across phases or agencies

**Eliminate the guesswork** by applying our leading Justice40 and ESG advisory insights as a powerful screening tool

**Cut through the complexity of IIJA and IRA**
